A CONDOLENCE LETTER FROM ATI ANNANG USA

Our dear Brother John and Family:

On behalf of the membership and leadership of Ati Annang USA Inc; we wish to extend our sincere and heartfelt condolences to you and your family on the untimely death of your beloved wife and our sister, Dr. Caroline Etim.

We were indeed stunned to learn about her sudden departure to the world of our forefathers and still cannot believe that she has left us so unexpectedly. Our hearts are broken that such a dear and wonderful person has been taken away from us so unjustly, so prematurely. The entire Akwa Ibom State has lost a rare gem. We the Annang have lost a sister, a true Annang daughter, a light, and you have lost a friend and life companion. Our society is less because she is now gone.

We may never understand the full cosmic reasons for her passing, only God knows this. We however believe in the resurrection of the just and the salvation paid for by the blood of the lamb. In this belief, console yourself and the family in the Christian hope that those who sleep in the Lord shall rise and live forever.

We will miss her and, we will continue to cherish the happy memories we had with her. She led a disciplined and accomplished life. Her memory lives forever in the hearts of the many people she positively affected with her life work over the years.

From the pulse of the Annang soul, accept our sincere condolences. May the gentle soul of our beloved sister and friend, Dr. Caroline Etim, find rest in the company of the saints. May she rest in peace. Amen.

Dr. Peter E. Udo Umoh
National Chairman
